

# ET1 ENTERPRISE TABLET

## IMPROVE SERVICE AND EFFICIENCY WITH THE ONLY TABLET THATS TRULY ENTERPRISE

### Get the new class of tablet that is ready for business inside the four walls and out in the field.

The ET 1 stands out, with ingredients that make it truly ready for enterprise use. You get consumer-style sleek design and ease of use, with the enterprise durability required for all-day use inside and outside. And its enhanced Android™ operating system delivers enterprise-class security, flexibility and manageability over wireless LAN and wireless WAN networks.

### Consumer styling with real business durability.

On the outside, the ET1 is every bit as elegant as today's most popular tablets. Yet the ET1 is built for everyday use, able to handle drops, spills, chilly winter temperatures, extreme heat and more. And since the display is built with ultra-strong Gorilla® Glass, it is virtually impervious to damage, able to flex when dropped without shattering or scratching.

### Use anywhere from retail to field sales and service with high-speed cellular/wi-fi wireless connections.

Inside the four walls, support for 802.11a/b/g/n supports the fastest Wi-Fi networks for superior performance in your facility. And with a dual user-selectable data-only modem you get the flexibility to activate the et1 on the high-speed 4G Hspa+ worldwide network, the 3G eVDO/CDMA network or both.<sup>1</sup>

### Secure your data period.

Whether your data resides on the internal drive or on removable media, it is encrypted, safe from hackers, so you can easily secure sensitive information, such as credit card data and patient information, to help comply with industry and government regulations.

### Built for multiple users with feature-level control.

With multi-user log-on, each worker is automatically granted access to their own personalized workspace the right applications and device features. And since managers know who is using the device at any time, task management is easier.

### Add the features you need when you need them.

With an expansion port and bluetooth, you can add whatever peripherals you need, from scanners for easy inventory takes to magnetic stripe readers for payment processing.

**Work uninterrupted power up and stay up.**

While most tablets in the industry only offer rechargeable batteries, the ET1 adds a removable battery that users can swap on the fly, preventing loss of data and productivity.

**Android fortified for the enterprise.**

Extensions (Mx) from Zebra transforms android from a consumer operating system (OS) to a true enterprise-class OS with a series of additional features and options that improve security, device management and support for advanced enterprise data capture.

**Future proof applications with RhoMobile Suite.**

The ET1 supports the option to run applications built with RhoMobile suite developer tools. Write, integrate and deploy apps across platforms iOS, android, Windows Mobile and operating systems of the future its always whats next.

**Protect your investment from the unexpected**

Service from the start with Comprehensive Coverage provides true business-class support for your tablet. this all-inclusive optional service covers normal wear and tear, internal and external components damaged through accidental breakage for both device and select accessories and operating system issues keeping the ET1 up, running and in the hands of your users.

**TURBOCHARGE YOUR WORKERS WITH THE ET1 THE TABLET THATS TRULY ENTERPRISE.**

# SPECIFICATIONS CHART

PHYSICAL CHARACTERISTICS		PERFORMANCE CHARACTERISTICS	
<b>Dimensions</b>	5.14 in. H x 0.98 in. D x 8.82 in. W 130.5 mm H x 25.0 mm D x 224.0 mm W	<b>CPU</b>	OMAP 4 Dual Core 1GHz x 2 + DSP
<b>Weight</b>	Wlan: 1.4 lbs./63 kg; W Wan : 1.45 lbs./66 kg	<b>Operating System</b>	Android 4.1.1
<b>Display</b>	7 in. capacitive; 1024 x 600; 350 NIT ; Corning® Gorilla® Glass	<b>Memory</b>	1GB RA M,4GB Flash plus 4GB microSD (total of 8GB flash memory); user accessible microSD card slot (supports up to 32GB)
<b>Touchpanel</b>	Capacitive multi-touch	<b>USER ENVIRONMENT</b>	
<b>Backlight</b>	Ambient light sensor	<b>Operating Temp.</b>	32° F to 122° F/0° C to 50° C
<b>Keypad Options</b>	Virtual; Bluetooth®	<b>Storage Temp.</b>	-4° F to 158° F/-20° C to 70° C
<b>Expansion Capabilities</b>	User accessible Micro SDHC card slot (up to 32GB); expansion module port	<b>Drop Specification</b>	Multiple 4 ft./1.2 m drop per MIL ST D 810G
<b>Expansion Modules</b>	Integrated expansion port for snap-in peripherals for Zebra and third party peripherals	<b>Sealing</b>	IP54
<b>Connectivity</b>	Two USB interfaces: 1 USB 2.0 OTG connector (docking connector) and 1 USB 2.0 Host connector (expansion module port); HDMI out; communication via cradle and expansion ports; USB 2.0 host via expansion module	<b>Vibration</b>	4Gs peak, 5Hz to 2kHz, 1 hour duration per axis
<b>Notification</b>	LED flash; bar code decode	<b>Thermal Shock</b>	-4° F to 158° F/-20° C to 70° C rapid transition
<b>Audio</b>	Stereo speakers and dual microphones (one front and one rear-facing)	<b>ESD</b>	15kv Air, 8kv contact, 2kv charge body
<b>POWER</b>		<b>Humidity</b>	10% to 95% RH ( non-condensing)
<b>Battery User Profile</b>	Ample power for a full shift	<b>Development Tools</b>	Zebra RhoElements for cross platform applications
<b>Battery<sup>2</sup></b>	WLAN : 4620 mAh rechargeable Smart Li-Ion; user replaceable; rapid resume WWAN : 5640 mAh rechargeable Smart Li-Ion; user replaceable; rapid resume	<b>Management Tools</b>	Zebra Mobility Services Platform (MSP )
<b>DATA CAPTURE</b>		<b>COMMUNICATIONS</b>	
<b>Rear Camera</b>	Bar code scanning and image capture: 8MP	<b>Wlan</b>	802.11a/b/g/n
		<b>WWAN</b>	Dual user-selectable data-only modem; works on 4G/HSPA + carriers worldwide or 3G/EVDO on CDMA carriers
		<b>WPAN</b>	Bluetooth 2.1 with EDR; integrated antenna
		<b>GPS</b>	WLAN : Autonomous GPS WWAN : Autonomous GPS with Assisted GPS (A-GPS )
		<b>SENSORS</b>	

	auto-focus camera with user controllable LE D flash, illumination and aiming; captures 1-D and 2-D bar codes, photographs, video, signatures and documents	<b>Gyroscope</b>	Maintains orientation based on principles of conservation of angular momentum
<b>Front Camera</b>	Optimized for video collaboration and low lighting conditions	<b>Motion Sensor</b>	3-axis accelerometer that enables motion-sensing applications for dynamic screen orientation and power management
<b>Video</b>	720p video	<b>Ambient Light Sensor</b>	Automatically adjusts display brightness, keypad and display backlight
<b>Readability</b>	9,000 ft. candles	<b>Electronic Compass</b>	Independent does not depend on GPS
